

Enabling & Using Your Token

To send wires or ACH payments, you'll need to set up a soft token. Before getting started, an Affinity administrator must assign you a token license. Once assigned, you'll receive an email notification.

Activating Your Token

1. **Log in** to Business Advantage and verify your identity.

2. Select **Activate Token** and download the **FI Digipass App** on your mobile device.

Activate Token

What is it?

In order to make your online banking and mobile banking experience as secure as possible, we are introducing verification.

How does it work?

In addition to providing your login credentials when signing into online banking, you will also be asked to provide a security code which is sent to your mobile device. When performing transactions, making profile changes, or logging in, you may be asked to verify your identity further.

Next steps

In order to register and use your mobile device for soft tokens, you will need to download and install the DIGIPASS app.

iPhone users

Scan the QR code or follow the link to download the DIGIPASS app.

Android users

Scan the QR code or follow the link to download the DIGIPASS app.

After you download the app press continue to begin the registration process.

CANCEL

CONTINUE

3. Scan the first code, then enter the registration code and create a device nickname.

Activate Token

Instructions

1. Activate DIGIPASS on your mobile device.
2. Follow the directions on your mobile device to activate a DIGIPASS.
3. Scan the image presented below. This is known as a Cronto image.
4. The app will return a registration code. Enter the registration code below.
5. Create a nickname for your Mobile device.

Scan the image presented below, and press "Register".

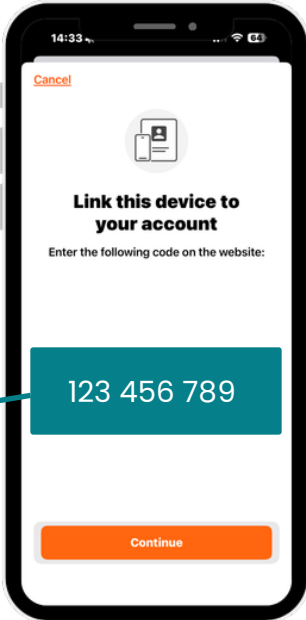

For Illustration Only

Enter the Registration Code provided by the DIGIPASS app.

* Registration Code

Please enter a descriptive name to identify your mobile device.

* Device Nickname

Activate Token

Instructions

1. Follow the instructions in the DIGIPASS app to scan the second Cronto image.
2. Scan the Cronto image presented below.
3. Follow the instructions on your mobile device to complete the registration. The app will return an Activation Signature. Enter the signature below.

Scan the image presented below, and press "Activate". Return to your mobile device and follow the instructions in the DIGIPASS app.

For Illustration Only

Please enter the Activation Signature Code (on mobile device) provided by the DIGIPASS app.

* Activation Signature

Please enter the Activation Signature provided by the DIGIPASS app.

* Activation Signature

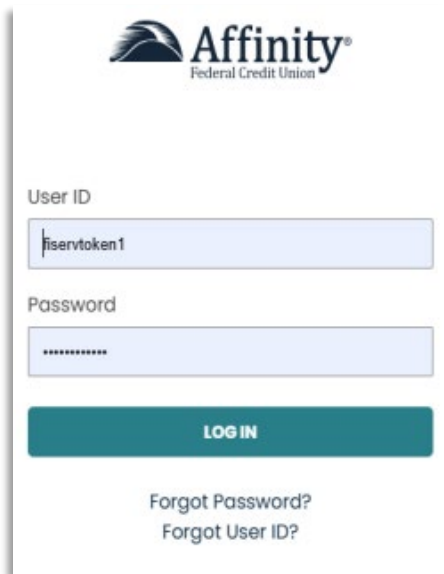

4. Scan the second code to complete activation and enter the activation signature.

Your token is now ready to use!

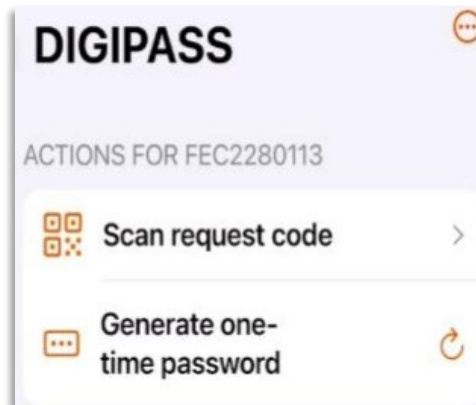

Using Your Token at Login

After activation, you'll use your token each time you log in:

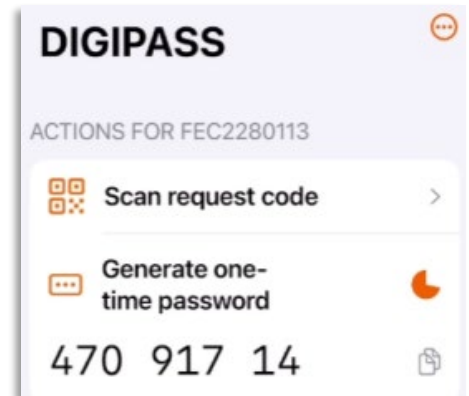

1. Log in to Business Advantage.
2. Open the FI Digipass App and select Generate One-Time Password.
3. Enter (or copy and paste) the code into Business Advantage and select Submit.

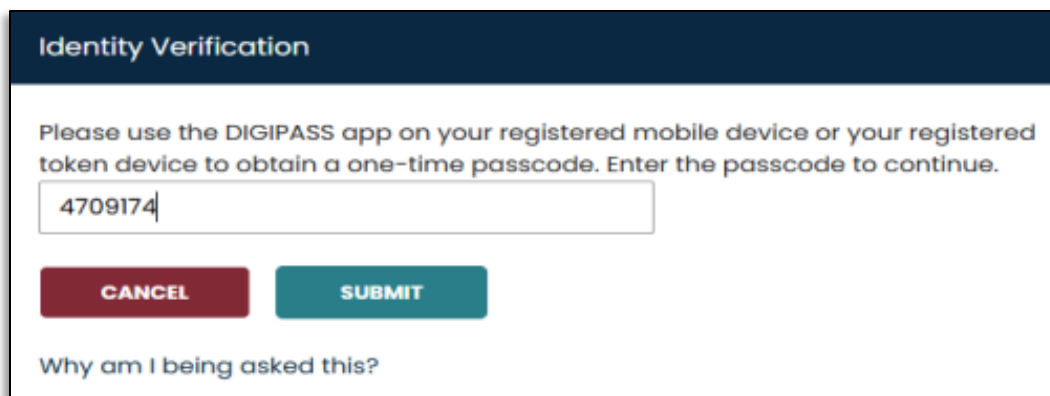

The login screen for Affinity Federal Credit Union. It features the Affinity logo at the top. Below it, there are two input fields: 'User ID' with the text 'fjservtoken1' and 'Password' with masked characters. A teal 'LOG IN' button is positioned below the password field. At the bottom, there are links for 'Forgot Password?' and 'Forgot User ID?'.

The DIGIPASS app interface. It shows the title 'DIGIPASS' and a header 'ACTIONS FOR FEC2280113'. There are two main options: 'Scan request code' with a QR code icon and 'Generate one-time password' with a speech bubble icon. A circular refresh icon is next to the 'Generate one-time password' option.

The DIGIPASS app interface showing the generated one-time password. It displays the title 'DIGIPASS' and the header 'ACTIONS FOR FEC2280113'. Below the header, there are two options: 'Scan request code' and 'Generate one-time password'. The generated one-time password '470 917 14' is displayed at the bottom, along with a copy icon.

The Identity Verification screen. It has a dark blue header with the title 'Identity Verification'. Below the header, there is a text prompt: 'Please use the DIGIPASS app on your registered mobile device or your registered token device to obtain a one-time passcode. Enter the passcode to continue.' A text input field contains the number '4709174'. Below the input field are two buttons: 'CANCEL' and 'SUBMIT'. At the bottom, there is a link: 'Why am I being asked this?'.
